Purpose

This guide defines the documents and checks required to onboard a vendor.

Required Documents

Completed vendor registration form.

Valid trade license.

Tax registration certificate.

Bank account confirmation letter.

Company profile.

Signed supplier code of conduct acknowledgement.

Check	Description
Document completeness	All required documents must be submitted.
License validity	Trade license expiry date must be after the approval date.
Name consistency	Vendor legal name should be consistent across documents.
Bank verification	IBAN and account name should match the vendor.
Compliance review	Procurement reviews supplier code acceptance and risk notes.

Approval

Procurement performs initial review, Finance validates bank and tax data, and the requesting department confirms business need.
